Most major pharmacies offer vaccines on a walk-in basis, and many doctors, hospitals and clinics, including the military and VA systems, have appointments available. We update this guide daily to keep track of the main public providers, major clinics and temporary “pop-up” events:

Who can get it now?

All Texans 12 and older are eligible to be vaccinated against COVID-19. Several providers now offer the Pfizer vaccine to children 12 to 15. Children must be accompanied by an adult.

Can I get help?

The city offers text alerts about opportunities for appointments with public providers — to sign up, text Vaccine or, for alerts in Spanish, Vacuna, to **55000**.

VIA Metropolitan Transit offers free rides to or from an appointment at a city- or county-sponsored COVID-19 vaccination site. Check [VIAinfo.net](https://www.via.info.net) for the latest service updates.

These providers offer walk-in access:

CentroMed: Pfizer vaccines are available for those 12 and older at

CentroMed’s clinic at 5439 Ray Ellison Blvd. A parent or legal guardian must accompany children and

give consent. Walk-ins are welcome. To make an appointment, call **210-334-3820** or go to www.centromed.sa.com.

City: People can get vaccinated without appointments from noon to 8 p.m. Wednesday through Friday at the Alamo-dome drive-thru site at 100 Montana St., Parking Lot B. Metro Health offers the Pfizer vaccine to children 12 and older — consent from a parent or legal guardian is required. Adults can register for a vaccine waitlist online in English at sanantonio.gov/waitlist or in Spanish at sanantonio.gov/listadeespera. Or call **311** and select **option 8**; or **210-207-6000** from 7 a.m. to 7 p.m. daily.
